Kensington

MicroSaver® Twin Custom Notebook Lock - Shared Access

Shared Access allows users to lock down shared computer devices

K64187FL

Product Description

The Custom Keyed Twin MicroSaver® is optimal for any business or institution. Custom keyed solutions give you more control over equipment while safeguarding employees from notebook and data theft. The Shared Access solution allows all user keys to open all locks. Multiple users can protect and work from shared computer stations.

Features

- Hidden Pin™ technology ensures tubular locks cannot be picked offering the highest level of security
- Tamper Evident™ technology alerts you that someone has tried to steal your device
- Anti-Shear™ technology protects against intrusion by force
- 7.5-ft, 5.5mm thick cable
- Built-in defense system guards against lock tampering
- Patented T-bar lock provides superior lock strength and theft protection
- Online key code registration to replace lost keys
